---

Are you ok? What's going on? I'm not travelling anywhere during the week as far as I know. I may not be available on Saturday. We can work that out though. I've got you covered. If we need someone Sat, I'll work on it and get John or someone.

Paige:

I am not sure when exactly I will have the (b) (6) and it will likely be the week of 2/11 -16. I currently have Nick overseeing the activities at the site while I burn off some CT and determine the schedule for (b) (6). I want cover my bases and see that you will be available to oversee site activities the week of 2/11 -16. We believe we will complete during that week.

thanks
